Chromebooks are supported with security updates/ChromeOS updates for a specific amount of time. It is suggested you purchase a device that has the longest support lifetime at the time of purchase. If you are purchasing a Mac or PC, please ensure that the device will have security updates and operating system updates for at least 5 years (if new) and at least 3 years (if older). We cannot, at this time, recommend touch-only devices (such as iPads, smartphones, and ChromeOS tablets), as we use Google Apps extensively, and the versions
